MATEJ KUKA

29.6.2000

ABOUT ME

I consider myself to be active person who likes learning. My previous experiences and projects I participated in prove my eagerness to learn. I am interested in IT, politics, philosophy or AI.
In 2018 I took part in Erasmus+ in Italy.

Regarding programming, I actively use IntelliJ, GitHub or Azure data studio. I have experience with agile methodology and applications such as Kanbanflow, Trello or Slack.
